

## Dive Safety Through Education

### There is no Shortcut to Dive Safety

#### Good Divers are ALWAYS Learning

Underwater Explorers Advanced SCUBA Diver Course lets you explore new dive sites and diving activities beyond your basic dive training.

Required dives include :

NIGHT OR Low Visibility

Advanced Navigation.

Deep & Multi Level Dive

Other dives include:

Boat Diving

Wreck Diving

Sign up for our Advanced Diver course to increase your knowledge and safety. See what's at greater depths and see marine life that only come out at night. Dive the wreck that everyone's been talking about ... "The Spiegel Grove".

NITROX Diver class may be taken and NITROX used on all Advanced Diver Training Dives.

### Equipment Rental

In order to ensure your maximum safety, divers must be familiar with their life support system. Therefore, it is our policy that all Advanced students own a total dive system.

Rental gear will not be allowed at any time during the open water phase of the course.

### Equipment Not Purchased at UE

For your safety and reasons of liability, Underwater Explorers requires all life support systems have current proof of annual inspection affixed to the gear. This includes BCP and CIP. If necessary, our service shop can inspect and certify all equipment prior to class use. Use of any equipment deemed unsafe or unsuitable will not be allowed. Also, any equipment to be used for certification dives requires at least 1 pool session use.
